The human heart always seeks prayer and if it doesn't find it, it won't have peace.

It is important to cultivate a love for God.

One might just believe in God and await His help in difficult times.

Prayer is only meaningful when God is above all in our hearts.

God loves us with the tender love of a Father. He's near to us; to protect us and love us.

In order to live in a spirit of prayer, it's necessary for love of God to be awoken in your heart.

The Holy Spirit will teach us to say "Father" as Jesus did.

Prayer allows us to rise above our routine, Time is always running short; prayer helps us to find peace and to discover joy in unexpected gifts.

Prayer sprouts from listening to Jesus.
